

STATIK

ART MAGAZINE

What is STATIK?

Statik is a student-led art magazine that collects artwork from children and teens as well as different organizations that support children, particularly in underserved areas.

Our goal is to sell the magazine and donate all profits back to these programs to help contribute to their important work.

You can get involved by purchasing a magazine, submitting your own artwork to help it grow, or sharing the magazine with others.

A huge thank you to everyone who contributed to this first issue. I'm so excited to see where Statik will go!

Orphan Care Alliance (OCA)

OCA equips Christians and then connects them to opportunities to care for children and families in need. OCA provides foster care training, support for foster/ adoptive families, life coaches for teens who have been impacted by foster care and adoption, caseworkers to walk alongside struggling families and scholarships for counseling and other therapies.

Samaritas

At Samaritas, art serves as a powerful outlet for expression among the refugee youth, unaccompanied minors, and children in our care. Through creative opportunities young people are able to share their stories, emotions, and identities in ways that go beyond words. These pieces reflect not only their talent, but also their resilience, vibrancy, and unique perspectives shaped by their journeys.

Be part of their story. Donate, mentor, or become a licensed foster parent. Visit: samaritas.org to discover how you can make an impact.

I wanted to draw this because I have a special bear I named icy bear. I drew him outside on the grass with clouds in the sky. He is going to class. I have a fun message hidden in the sky too :) I wrote OCCA because I love it and that is why I drew all the hearts

"I drew all of this because I love mermaids and candy a lot. I also like the thought of kings and queens. And, I love roasting marshmallows by the fire. These are some of my favorite things :) AND, I LOVE HEARTS."
